

How to add vault tab in autocad?

Description

If your question is How to add vault tab in autocad?, our CAD-Elearning.com site has the answer for you. Thanks to our various and numerous AutoCAD tutorials offered for free, the use of software like AutoCAD becomes easier and more pleasant.

Indeed AutoCAD tutorials are numerous in the site and allow to create coherent designs. All engineers should be able to meet the changing design requirements with the suite of tools. This will help you understand how AutoCAD is constantly modifying its solutions to include new features to have better performance, more efficient processes to the platform.

And here is the answer to your How to add vault tab in autocad? question, read on.

Introduction

1. Open AutoCAD.
2. Tools tab.
3. Add-Ins.
4. Select "AutoCAD Vault™"
5. Enable "Loaded/Unloaded" & "Load Automatically"
6. Click OK.

Moreover, how do I get the Vault tab in AutoCAD?

1. Using Vault Client installer, choose the Add or Remove Features option.
2. Select the AutoCAD checkbox.
